

## *2024 Educator Excellence Award Winner*

*Brianna Hunt*

*Slippery Rock University*

**I am currently in my last semester at Slippery Rock University. I am majoring in Mid-level Mathematics with two minors in Mathematics and Elementary Mathematics. I am currently a student teacher for 7th grade math in Seneca Valley School District at Ryan Gloyer middle school. I absolutely love the school district and students and am blessed to have the opportunity to teach in such an amazing school district. I am excited to have my own classroom and all the new connections I will form with all of my future students. I hope to coach baton twirling to my future school district or start a program as it is a dying art.**
